Telling the HealthyME Story

HealthyME is your partner in physical, mental and financial well-being. At the heart of HealthyME is a simple and powerful partnership: “ME” represents Montefiore Einstein and you, working together to fuel your purpose. Your purpose is what drives you—it’s what you value, what brings you fulfillment and what keeps you moving forward at work, at home and in all the moments in between. Whatever your purpose may be, HealthyME benefits are here to support it.

Your life doesn’t stand still, and your benefits shouldn’t either. That’s why we’re kicking off a new era of benefits at Montefiore. HealthyME has grown into a full benefits experience designed to care for all aspects of your overall well-being. HealthyME benefits are here to help you and your family feel **supported** with programs that care for your mind, body and overall health; feel **empowered** with knowledge and resources to make confident decisions; feel **energized** to take small, meaningful steps toward your goals; and feel **connected** to our shared purpose of caring for one another, our patients and our community.

When you feel **supported, empowered, energized and connected**, you thrive—and when you thrive, so does the care you give your family, our patients and the communities we serve.

Your role in this partnership is simple: Stay engaged and make confident choices throughout the year so you can unlock the full potential of the programs available to you.

Thank you for being part of our Montefiore Einstein community and for all you do every day.

HealthyME Guiding Principles

Our decisions and messages must be crafted with these guiding principles in mind:

- **Support** employees with clear, timely messages, reminders and practical tips that help them understand, use and maximize the value of their benefits.
- **Empower** employees through self-directed access to trusted information, key dates and decision points, building confidence and making it easier to seek additional support when needed.
- **Energize** employees with purposeful, motivating messages that prompt action, reinforce relevance and encourage feedback.
- **Connect** with employees by delivering relevant, personalized and timely information that cuts through noise and meets them where they are.
- **Simplify** the experience by reducing complexity and friction, making it easy for employees to engage with and navigate the programs designed to support them.

Editorial Guidelines

Administration platform	For MMC, we do not name the BSC portal. Send employees to HealthyMEBenefits.com (public site) and direct users to click “Enroll Now or View Current Coverage” in the upper-right corner.
Ampersand	Using an ampersand (&) is acceptable in section titles, tab navigations, local navigation, quick links, graphics and headers and where space and character count. The ampersand is not acceptable in standalone and embedded links or within the body copy, except when referring to section titles that include ampersands.
Apps	Capitalize “App” in the title of an app. Lowercase other references. Include links to apps whenever possible, instead of directing employees to search the App Store or Google Play.
Bullets	No period or punctuation at the end of bullets, unless a bullet contains multiple complete sentences.
Call Center	• HealthyME Benefits Center’s customer service team at 866-959-3545 • Team members are available 8:00 am to 8:00 pm ET, Monday through Friday
Capitalization	• In headlines: Initial cap nouns, pronouns, verbs and all other words of four or more letters. • Do not cap prepositions or contractions, except when they appear at the beginning of a line or when connected with the preceding word: e.g., “Mayor Drops In” or “Girl Cared For by Montefiore Einstein.” • In hyphenated words, lowercase after the hyphen (e.g., Able-bodied, Re-entry).

Child care	Two words, no hyphen
Commas	No serial comma
Cost share	Copays, coinsurance
Contractions	Never in headings, sparingly in text (avoid as much as possible)
Coverage levels	• Employee only • Family
Dates	• When the day is given, use a comma between day and year, and a comma or some other punctuation mark after the year. He left Boston on April 15, 1969, and never returned. • Always spell out the month, e.g., September; Wednesday, January 16; April 2005, etc. • Do not use ordinals with dates (1st, 2nd, etc.) • Capitalize but do not abbreviate days of the week, e.g., Wednesday not Wed. • As content is always available, dates (except for milestones) could turn evergreen content into seemingly outdated facts. Decide whether or not the content will be relevant in six months.
Diseases	Don’t capitalize diseases unless it is written in the Latin form. The exception is a disease which includes a proper noun such as Down syndrome, or Parkinson’s disease, or Alzheimer’s disease.
Dashes	• In text, use ‘em’ dash with no spaces on either side • In dates and times use ‘en’ with spaces on both sides

Editorial Guidelines (con't)

Disclaimer

From 2026 AOE guide:

This guide provides a summary of recent changes to benefits and is treated as a summary of material modifications under the Employee Retirement Income Security Act (ERISA).

This document is designed to provide basic information regarding benefit plans and programs available to eligible employees. This document merely summarizes the employee benefit plans and programs and does not detail all of the terms, conditions, restrictions and exclusions contained in the plan documents, carrier contracts and/or Summary Plan Descriptions (SPD) (the “plan documentation”) for the various benefit plans and programs. Every reasonable effort has been made to ensure the accuracy of the information contained in this document; however, in the event of a discrepancy between the information in this document and the plan documentation, the provisions described in the plan documentation will govern. This document does not create any contractual rights for any current or former employee, or for any other individual. The provisions of the applicable plan documentation will govern the determination of any individual's rights under any employee benefit plan or program. Your employer reserves the right to amend or terminate any of its employee benefit plans and programs at any time and without notice or cause.

Enrollment

Annual Open Enrollment

Flexible Spending Accounts

- Healthcare FSA
- Dependent Care FSA
- Commuter Account

Healthcare

One word in all cases

Hours and times

- Use noon for 12:00 pm; use 12:00 am for midnight
- When the possibility of confusion exists, use 12:00 noon or 12:00 midnight.
- No periods in am or pm; am and pm should be lowercase
- Don't repeat am or pm (e.g., 1:00 – 3:00 pm not 1:00 pm – 3:00 pm)
- Use abbreviated time zone – not shifting between Daylight Savings and Standard Time (e.g., ET)

Link style

- No www or http:// when avoidable.
Example: [HealthyMEBenefits.com](https://www.healthybenefits.com)
- Periods/punctuation is acceptable after links if the URL is not used. If the URL is used and is the last word in a sentence, do not use punctuation.

Months

Spell out months; no abbreviations

Navigation support

Care Guidance Program – internal service, with free confidential access to a Personal Health Nurse

Numbers

Spell out 1 - 9, use figures above 9. Some exceptions to the spelling-out-below-10 rule: ages of people, figures in headlines and tables, figures containing decimals, percentages, sums of money, times of day, days of month, degrees of temperature.

People

Employees (formerly associates, need to change all references)

Percentage

% in bullets; spell out “percentage” in text

Phone numbers

Use hyphens when referencing phone numbers. Don't use periods or parentheses. Example: For more information, please call 718-920-4011 or 1-800-MD-MONTE.

Well-being

Hyphenated

Color

The HealthyME palette blends stability and freshness to create a balanced, wellness-driven identity.

Our deep blue anchors the system—confident, trustworthy and aligned with the core Montefiore Einstein brand.

Teal and mint add energy and renewal, while lighter blues introduce calming, approachable tones.

Light gray provides a clean, flexible backdrop that supports clarity and readability.

Together, these colors form a cohesive palette that feels grounded, uplifting and engaging across all touchpoints.

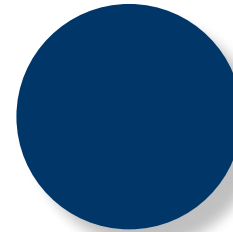

Do

- Use deep blue as the primary anchor
- Apply teal and mint as accents
- Use light blues and gray for softness and clarity
- Maintain strong contrast for readability

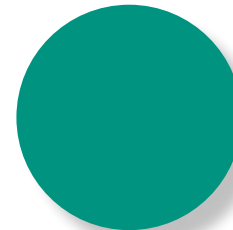

Do Not

- Add colors outside the palette
- Oversaturate or alter brand hues
- Place low-contrast color combinations together
- Place text or graphic elements too close

HealthyME Lockup

The HealthyME logo should appear in lockup with the Life@ Montefiore Human Resources logo in most standard applications to maintain brand consistency. This paired structure reinforces the connection between HealthyME and Montefiore Einstein's employee experience.

The HealthyME logo may appear on its own only when the HealthyME program is the primary focus of the content or being formally introduced within the message.

Do

- Use the version that provides the best contrast on the background
- Maintain clear space around the lockup
- Use vector files for print and PNG/JPG for digital

Do Not

- Stretch, rotate or distort the lockup
- Change the colors or create new variations
- Place on busy or low-contrast backgrounds
- Add additional elements too close to the lockup

HealthyME Elements Logo

The HealthyME Elements logo is reserved for specific applications where the four elements—SUPPORTED, EMPOWERED, ENERGIZED, CONNECTED—are being introduced or highlighted together. It should be used sparingly to maintain the strength of the primary HealthyME logo.

Use the Elements logo only when referencing the four elements as a system or when introducing HealthyME for the first time in a piece.

Avoid using it in place of the primary HealthyME logo or in contexts where the elements are not being discussed.

Typography

HealthyME's typography blends personality with clarity for a modern, flexible identity.

- **Leitura**, our expressive serif, adds warmth and depth to headlines and key messages.
- **Fakt**, our clean sans-serif, ensures clarity across body copy, data, and functional content.

Together, they create a balanced voice — personal yet professional, warm yet precise — aligned with HealthyME's mission to support well-being.

When Leitura and Fakt are not available (such as in Word, PowerPoint or eBlasts), use Times New Roman for serif and Arial for sans-serif content.

Leitura Roman 1

Leitura Italic 1

Fakt Normal

Leitura Roman 2

Leitura Italic 2

Fakt Medium

Leitura Roman 3

Leitura Italic 3

Fakt Bold

Leitura Roman 4

Leitura Italic 4

Typography (con't)

Use a clear, consistent hierarchy in every piece.

Leitura Useage

- Roman 1 for main title and section headlines (set tracking to –10)
- Roman or Italic for pull quotes

Fakt Useage

- Regular for short-form body copy
- Light for long-form body copy
- Bold for subsection headers and key info (e.g., phone numbers, URLs)
- All caps for small labels or brief callouts only

Layout & Hierarchy Guidelines

- Default to left-aligned; avoid justified text
- Line spacing: 115–130%
- Keep spacing consistent between levels
- Ensure strong contrast
- Limit number of font weights/styles

Photography

HealthyME photography reflects real people and real life. Images should feel warm, candid and grounded in the everyday moments that fuel well-being.

Style & Intent

- **Tone & Color:** Photography should harmonize with the HealthyME palette. Subtle tone, hue or warmth adjustments in Photoshop may be made to ensure cohesion.
- **Authenticity:** Subjects should not look directly at the camera. Avoid staged or overly staged or cliché imagery.
- **Subject Matter:** Focus on everyday life outside of work—family moments, community, movement, rest and well-being.
- **Technique:** Use a shallow depth of field and natural light for warmth and clarity.
- **Diversity:** Reflect the broad spectrum of the Montefiore Einstein community in an authentic way.

Do

- Capture candid, natural interactions
- Use soft, balanced lighting
- Show relatable, everyday activities
- Adjust color slightly for harmony

Do Not

- Use direct-to-camera portraits
- Select overly staged or generic stock photography
- Introduce unrealistic color grading
- Overuse clinical or sterile landscapes
- Stretch or distort images

Sample Photography

Circle Callouts

Circle callouts highlight key messages and data points and help reinforce the HealthyME pillars in a bold, clear way.

Style & Content

- **Design:** Navy circular background with white type in Fakt Medium; a subtle drop shadow is optional. A white circle on a dark background is permitted.
- **Pillar Words:** Use mint (all caps) in Fakt Bold for SUPPORTED, EMPOWERED, ENERGIZED, CONNECTED when appropriate.
- **Use Cases:** Best for stats, short statements or reinforcing a primary message.
- **Placement:** Use sparingly with ample white space around them for clarity.

Do

- Use circles to emphasize important information
- Keep text concise and digestible
- Highlight pillar words in mint when relevant
- Use sparingly
- Ensure size is sufficient to maintain legibility

Do Not

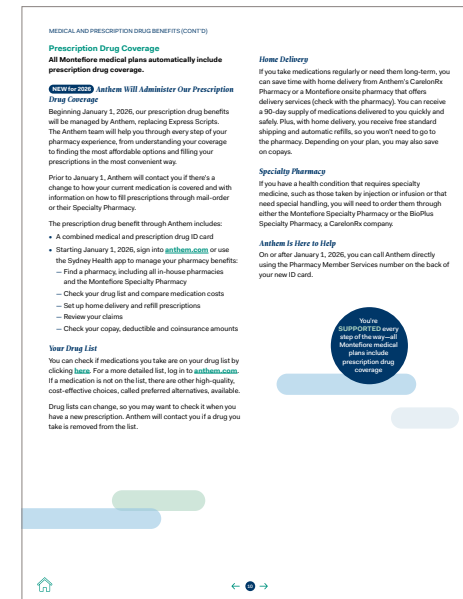

- Overstuff circles with long text
- Mix multiple text colors (beyond mint highlights)
- Use circles purely decoratively without purpose
- Use colors other than navy or white

Sample Circle Callouts

Feel
EMPOWERED
with access to expert
legal guidance
for life's important
decisions

Feel **SUPPORTED**
with dental benefits
that keep your smile
strong and healthy

Stay
CONNECTED
to what matters—
with time to rest,
recharge and care
for yourself
and others

Gradient Mesh

The HealthyME gradient mesh is a calming background that adds warmth and cohesion to the brand. Made from the HealthyME palette, it creates gentle movement and visual depth without competing with content. Use the mesh sparingly and with intention.

Use only the approved HealthyME gradient mesh included in the brand assets; do not modify it or create new gradient meshes.

Adjust opacity as needed for legibility with text.

100% opacity

Icons

Icons support clarity and simplify complex information throughout the HealthyME experience.

Style & Structure

- **Line Style:** Use simple, monoline icons with clean, rounded corners.
- **Line Weight:** Maintain consistent strokes (1–2 pt depending on icon size).
- **Consistency:** Match overall complexity, shape language and proportions across the set.
- **Color:** Use HealthyME navy (preferred), teal or white.
- **Accessibility:** Ensure icons remain clear and recognizable at all sizes.

Do

- Use a consistent stroke weight
- Keep icons minimal and friendly
- Maintain even spacing and proportions
- Ensure strong contrast

Do Not

- Use filled icons
- Use multiple styles or levels of detail
- Add decorative gradients or shadows

Sample Icons

Colored Bars

The HealthyME colored bars may be used as supporting design elements to add energy, structure, and visual continuity across materials.

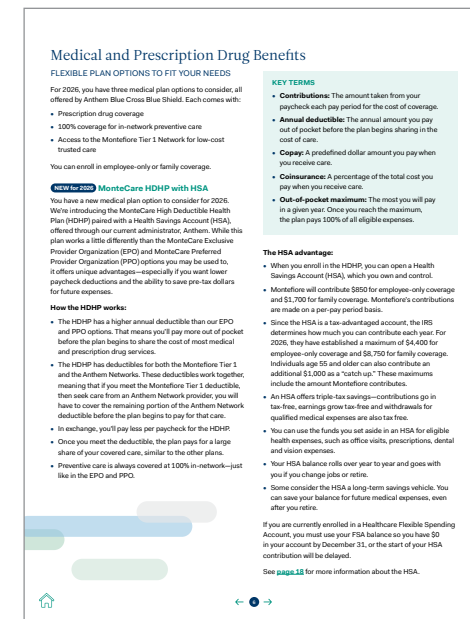

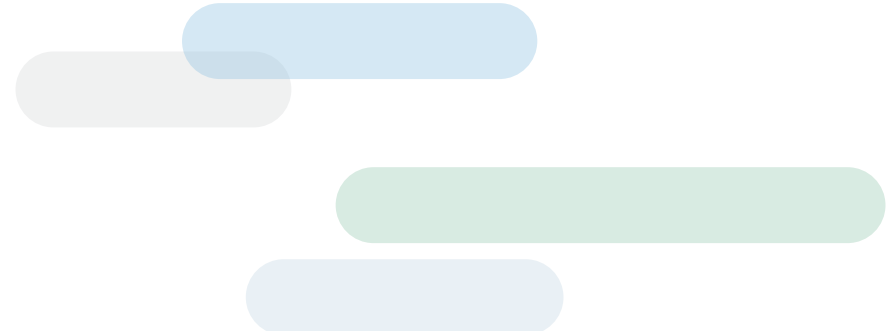

Colored bars should not be used as primary dividers; use rules for that.

Do

- Use them sparingly as design elements
- Lighten them and apply transparency as needed
- Vary length and overlapping for visual interest
- Treat them as a supportive element and not the focus
- Maintain consistent height throughout the piece

Do Not

- Add text within the bars
- Change their colors
- Stretch, distort, or change their corner radius
- Use them oversized
- Make them too large relative to other elements on the page

Additional Notes

The HealthyME aesthetic combines color, candid imagery and simple design elements to create a cohesive, approachable and supportive visual identity. Keep in mind the following additional guidance:

- Do not round corners of callout boxes or images — only colored bars will be rounded
- Divider rules should be .5 pt. Do not use thick rules.
- Do not use heavy outlining on charts - use shading and tinted thin rules to differentiate data
- Avoid overly dense layouts; allow breathing room around text, circles and icons
- Avoid adding decorative elements that are not part of the core system

Important Notice for Retirees

Changes Are Coming to How You Manage Your Retiree Benefits and Payments

Launching Soon: the HealthyME Benefits Center—a new website that empowers you to easily manage your retiree benefits and payments. This new site is replacing HealthEquity WageWorks, starting with your March payment. **Please do not send your March payment to HealthEquity WageWorks.***

**If you already sent your payment, it will be refunded and you can submit it on the HealthyME Benefits Center once it becomes available on April 1.*

Montefiore Einstein

It Is Almost Time to Enroll in Your 2026 Benefits

Annual Open Enrollment: Nov. 10-24, 2025

Montefiore Einstein

Welcome to Montefiore's HealthyME Benefits

Your purpose is what drives you—at work, at home and everywhere in between. At Montefiore, we believe your purpose matters. **HealthyME** is how we support it.

Montefiore Einstein

Benefits Summary, Coverage and Costs

FOR PROSPECTIVE EMPLOYEES OF MONTEFIORE MEDICAL CENTER

Join a team that values your whole self—mind, body and future.

When you thrive, so does the care you give our patients and communities.

At Montefiore Einstein, we've reimaged benefits as more than just coverage—they're a partnership between you and Montefiore Einstein, designed to support your whole self: mind, body and future.

HealthyME is our promise to you. It's a comprehensive benefits experience that goes beyond traditional offerings to help you feel supported, empowered, energized and connected—so you can thrive at work, at home and in every moment in between.

Watch this **two-minute video** for a closer look.

Montefiore Einstein

New Benefits Website and Enrollment System

INTRODUCING THE **HEALTHYME BENEFITS CENTER**—EASY ONLINE ACCESS TO YOUR BENEFITS

Montefiore is introducing the **HealthyME Benefits Center** to make it easier for you and your family members to explore, manage and enroll in your HealthyME benefits. The **HealthyME Benefits Center** includes not only a customer service number, where you can have your questions answered, but also a new website that details the HealthyME benefits available to you.

Visit **HealthyMEBenefits.com** to learn more about the benefits Montefiore offers. On this site you will find:

- Details on all available benefits and how they work
- Convenient, timely benefits headlines
- Information about leaves of absence, including how leave is valued and eligibility rules
- Benefit forms
- Retirement information
- Contact information for carriers and vendors

Ready to Enroll?

From the home page, click on the **Enroll Now** button in the upper-right corner and use your Montefiore username and password to log in. Once logged in, you will find a private, secure part of the site where you can enroll in and manage your benefit programs. This is where you will go to:

- Enroll in benefits during Annual Open Enrollment or when you experience a qualifying life event
- Make allowed changes throughout the year
- Use the decision support tool to choose the right plan for you
- Manage your tax-advantaged accounts (e.g., Flexible Spending and Commuter)
- View and update life insurance/beneficiary information
- Connect with a live representative for general benefits assistance
- Get 24/7 answers to your general benefit questions from Sofia, your AI-powered assistant

Can't Find What You're Looking for Online?

Call the HealthyME Benefits Center's customer service team at **866-959-3545**. HealthyME Benefits Center's team can help you:

- Enroll in benefits
- Process mid-year changes due to a qualified life event (e.g., marriage, birth/adoption or loss of other coverage)
- Answer questions about Montefiore's non-health plans
- Connect you with other resources that can help you navigate your care or answer questions about claims and billing

Team members are available 8:00 am to 8:00 pm ET, Monday through Friday.

Stay CONNECTED to everything you and your family need to understand and manage your benefits
